PHILIP CADIEN

Born in the namesake town of Balaclava, Jamaica, young Philip Cadien took an interest in the goldsmith's trade. He was offered a scholarship to the prestigious Pforzheim Goldschmiedeschule in Germany, where he studied the fine art of jewellery design and jewellery. Philip spent many years in Europe perfecting his craft before returning to the Caribbean where he set up his first jewellery workshop. In 1992 Philip Cadien opened the Balaclava Jewellers Showroom in Grand Cayman.

REFINED CRAFTSMANSHIP

The workshop is where the magic happens. Metal and stone are married making creations that will last forever. Starting with a rough diamond, through various forms of cutting, to choosing the perfect design, each and every piece of the sublime Balaclava Collection is meticulously finished and beautiful to behold.

ONE - OF - A - KIND CREATIONS

Many of Balaclava's precious designs are rarely found elsewhere in the world, and some of their most stunning creations are exclusively made for them. Philip Cadien would like to invite you to his showroom to enjoy their unique collection from the fabled houses of Switzerland, Germany, and Italy.
